

Disembark at Soissons Landing (the orange star above). Walk up the hill and follow the road toward Nolan Park, keeping Fort Jay on your right. Continue down the brick walkway in Nolan Park to the third path that cuts diagonally across the park to the left. Building 9 is at the end of that path: a brick building indicated by the magenta star above. If the door is locked, please ring the white doorbell—someone will come down shortly to let you in!
